We will walk you through what the testing process usually consists of and what you can do to better your chances.

Workshop Presentations and Test Simulations will include Resume Building, Employee Counseling Sessions, Oral Interview Panels, Incident Simulations, Teaching Demos and the In-Box Exercise.

This program also offers an optional mock Captains Assessment Center on September 30th. The candidates will receive both oral and written feedback from Training Officers and Chief Officers that have been involved in creating and administering Company Officer tests.

The cost for the COACH Workshop is \$500 plus an additional \$100 for the mock test. Register at www.RedHelmetTraining.com

Class size is limited to 20 students.
